WELCOME TO THE CONFERENCE

IT IS OUR PLEASURE TO WELCOME YOU TO THE XXVI ILGA WORLD CONFERENCE.

We have chosen “**Global Rights, Global Respect**” as the theme of the conference on the one hand because for all of us being here together will be really an incomparable opportunity to share and learn from the experience of people and organizations from all regions in the world, and to create stronger and sustainable networks – an ideal opportunity for all to strategize, network and build alliances together to advance our rights in the world! On the other hand, we have chosen the theme because it is evident that we as a movement have some challenges and important discussions ahead of us – especially on how we as a movement can act in solidarity without taking over and talking over the voice of those we advocate for. These are discussions we will engage in at the conference in Stockholm!

Welcome to Stockholm and enjoy the Conference!

GLORIA CAREAGA
RENATO SABBADINI
Co-Secretaries General, ILGA

RFSL WELCOMES YOU

How does it feel to be the official host of ILGA World 2012?

I feel honoured to have the opportunity to work with this! So many people have worked so hard to put this conference together. We have a fantastic local team and a great cooperation with ILGA World, and help from more than 100 volunteers. It's a privilege to be part of this event, which I think is really historic.

What do you mean with historic?

We're pretty sure that this is the largest democratic meeting of the LGBTI movement so far, when it comes to regional and geographical representation and diversity. People are flying in from almost 100 countries, it's a truly global event.

What is RFSL's main objective as a host?

A part of our bid at the last World Conference in Sao Paulo, was to do everything we could to secure the presence of as many activists as possible, and work hard to get a globally balanced representation. To ensure this, we arrange the conference in December, which is low season for the event industry. That way we could get deals that helped us put the money where we really wanted it to go: to secure funding for participants. This is also why we chose hostel accommodation over more fancy hotels. We have also worked hard to get a number of different funders - including the Swedish Development Agency and the Swedish Institute - to fund participation.

What are your hopes and expectations?

I'm looking forward to all the networking, all the meetings that will take place, all the new connections that will occur. I really hope and expect that we all leave this conference strengthened in our activism, and that we say goodbye at the end of the week with renewed energy.

Ulrika Westerlund
President of RFSL

ILGA AWARD 2012

On the occasion of its 26th world conference, to be held in Stockholm from 12 to 16 December 2012, ILGA has decided to launch its own award for highly commendable achievements in the struggle for the equality for LGBTI people.

The Executive Board of ILGA decided unanimously to bestow the award to Her Excellency Cristina Fernández de Kirchner, President of the Argentina, for the key role played by Argentina in recent years in promoting the universal decriminalization of homosexuality at the United Nations. It will be remembered that:

- The UN Ambassador of Argentina, on December 18 2008, at the UN General Assembly, read the Statement calling for decriminalisation of homosexuality signed by 66 countries.
- Thanks to the Equal Marriage Act same-sex couples in Argentina are eligible for the same benefits and protections as opposite-sex couples (including adoption).
- The Law on Gender Identity grants adults sex reassignment surgery and hormone therapy as a part of their public or private health care plans, and also allows for changes to gender, image, or birth name, on civil registries without the approval of a doctor or a judge.

The award will be collected on behalf of the President by His Excellency Amado Boudou, Vice-President of Argentina during the award ceremony at the City Hall of Stockholm on Wednesday 12 December 2012.

WELCOME TO STOCKHOLM

Discrimination on the ground of sexual orientation, gender identity or gender expression is in violation of the basic principle of equal value and equal rights for all people. Unfortunately, this violation is still a reality in many countries around the world. People are imprisoned and discriminated for who they are. Sweden plays an active role to highlight the situation for these people in its dialogues with other countries and within the framework of the UN Human Rights Council.

To meet and share experiences with people from different contexts with different experiences is very important for the struggle against discrimination. The City of Stockholm is glad that ILGA has chosen Stockholm for the XXVI ILGA Conference. The city acknowledges the importance of the conference by inviting the participants to a reception at the City Hall, famous not least for the Nobel Prize banquet. We wish you a successful conference and a pleasant stay in our beautiful city.

Welcome to Stockholm!

Introduction	<p>Over the last decades, the LGBT movement in MantiQitna have seen much development in the in the field of the four sub regions (Maghreb, Nile Valley, Levant, Gulf), from creation of new groups and initiatives to lobby and advocacy. While we are getting organized considering our own values and context, which means lack of "visibility" by the western model, part of the western movements gave to their selves the right to be our voices, such as Amina Arraf and GME, this led to harm our movements more than it served it. We believe in the importance of the International, to improve the collaboration between the two parts (we and the west)</p> <p>This meeting will deconstruct the western model of the Visibility and International solidarity and will build/formulate its meaning in MantiQitna.</p>

SAFER SPACE

GUIDELINES AT ILGA WORLD 2012

A safer space is something that we make together

We constantly need to raise awareness of the fact that we, as different people in the LGBTIQI community, are affected in different ways by heteronormativity and the ways in which gender and sexuality are organised in the world. Here are some recommendations that we all can keep in mind to help make each other feel comfortable, respected and safe during the week. Let us remind ourselves and each other.

We are here to help

If you feel unsafe at any point or have suggestions on how something can be improved, contact one of the organisers/volunteers in the green conference t-shirts. You can always approach us.

Respect everyone

All our gender identities and sexual identities and orientations are valid and equal. Respect people's chosen gender identity and address people with the name and pronoun they prefer.

Be open and non-judgemental

Don't judge a person's gender identity or evaluate them in terms of how well they 'pass' in their preferred gender. There is no such thing as 'not being trans* enough'. Do not question anyone's sexual identity, remember that identity and practice are not the same thing and that identities and sexual practices can be interpreted very differently in different parts of the world. Do not make assumptions about anyone's sexuality or gender based on how you interpret the way they are presenting. Use gender-neutral pronouns or ask politely if you are not sure how to refer to someone.

Respect privacy and maintain confidentiality

Do not take photographs of people or use their names and/or picture in reports, media comments or social media such as Facebook, without their explicit permission, as this, among other things, may compromise some people's safety. Don't ask people about their past, former names, operations, genitals or sexual practices without their explicit consent.

Be anti-oppressive

Recognise that we live in a society and a world full of power imbalances due to race, class, gender, gender identity and expression, global north-south power imbalance, immigration status, sexual orientation, age, physical ability, social background, and other experiences and identities. Respect our differences and diversity.

Be trustworthy

Don't disclose another person's sexual identity or practice, trans* status, or any other intimate knowledge you have about them to anyone else.

Act respectfully

Make sure that you act in such a way that tries to ensure the fullest possible participation of everyone at this conference. Do not use language or take part in actions or demonstrations of attitudes that are hurtful, dismissive or off-putting to others.

Enable constructive debates and discussions

Avoid personal or prejudiced comments, generalisations and jokes based on stereotyping, and allow everyone space and time to express themselves.

Be inclusive, not intrusive

Try your best to include everyone in social activities, but do not try to convince or force anyone to take part in something that they are not interested in.

Limit the use of jargon

Limit the use of jargon and other inaccessible language as it can be a barrier to participation. Explain initials and expressions to facilitate a better understanding for everyone.

TRANSPORT

Taxi info- avoid scams

In Stockholm there are numerous taxi companies that overcharge passengers with ridiculous amounts. Here's how to avoid taxi scams:

1. Call Top Cab, which is the official taxi sponsor of the conference. Give them a call at +468333333, and they'll come pick you up, within 5-15 minutes. Show you VIP taxi card, provided in your delegate bag, and receive 10-15% discount (depending on when you travel).
2. If you hail a taxi in the street, ask a local and they'll know which companies are trusted and unscrupulous (also in this case: if possible: use Top Cab to receive discount and avoid scams).

SL Public Transport

SCHOLARS

You receive an SL Access Card, valid throughout your stay. It allows you to travel freely in the public transportation system: subway, buses, commuter trains and trams. **Please keep good track of this card, as we will not be able to replace it if lost.**

NON-SCHOLARS

Bying an SL Access will get you the cheapest access to travel between ABF, dinner and party venues, and the hostel/ hotel.

We suggest you buy:

- SL Access Card valid for 3 or 7 days, depending on the length of your stay.
- SL Access Card with credit "Reskas-sa", a certain amount that is deducted for each trip you make (count on 2-4 trips/day)

Please advise with SL Center at Fridhemsplan or T-centralen whichever option is more affordable for you.

SL Access cards are available in kiosks close to the subway (Pressbyrån) and at SL Center, located at Fridhemsplan subway stop and at T-Centralen.

STF FRIDHEMSPLAN

Address: S:t Eriksgatan 20

STF Fridhemsplan is both a hostel and hotel, located near subway station Fridhemsplan in central Stockholm, on the island Kungsholmen. Hotel rooms have en suite bathrooms, while guests staying in hostel rooms have access to showers and toilets outside the room.

Our welcome team will be present at STF Fridhemsplan Friday 7th –Sunday 9th, and hand out delegate bags, SL Access cards (public transport), basic allowances and answer any questions you might have.

STOCKHOLM

Stockholm is the capital and the largest city of Sweden, with a population over 2.1 million in the metropolitan area. Stockholm was founded in 1250, and it has long been one of Sweden's cultural, media political and economic centres.

Stockholm is the site of the national Swedish government, Parliament of Sweden the Supreme Court of Sweden, and the official residence of the Swedish monarch as well as the Prime minister.

Its strategic location on 14 islands at the mouth of Lake Malar (Mälaren), by the Stockholm archipelago, has been historically important.

Stockholm is known for its beauty, its buildings and architecture, its abundant clean and open water, and its many parks. It is sometimes referred to as Venice of the North.

Some architectural landmarks are the City Hall, with its three crowns which are also the symbol of the Kingdom of Sweden, the Globe, a spheric building and event arena South of the city centre, and the royal palace in Gamla Stan.
